El Potrero CRC/Community Walking Bridge Project: The El Potrero community is divided by a river that runs through the community. During the rainy season, part of the community is unable to cross the river to access the El Potrero Elementary School, El Potrero CRC Church and they are unable to travel to the neighboring community that has the only health clinic in the area due to the flood stage of the river.

Community CRC is seeking to raise \$20,000 to build the walking bridge that the Calvin Engineering students are designing. If you would be willing to donate to this project, please make checks to Community CRC and designate it to El Potrero Project.
